Eletrônica de Potência

Aula 4

Prof. Esp. Leonardo Seki

Tiristor SCR

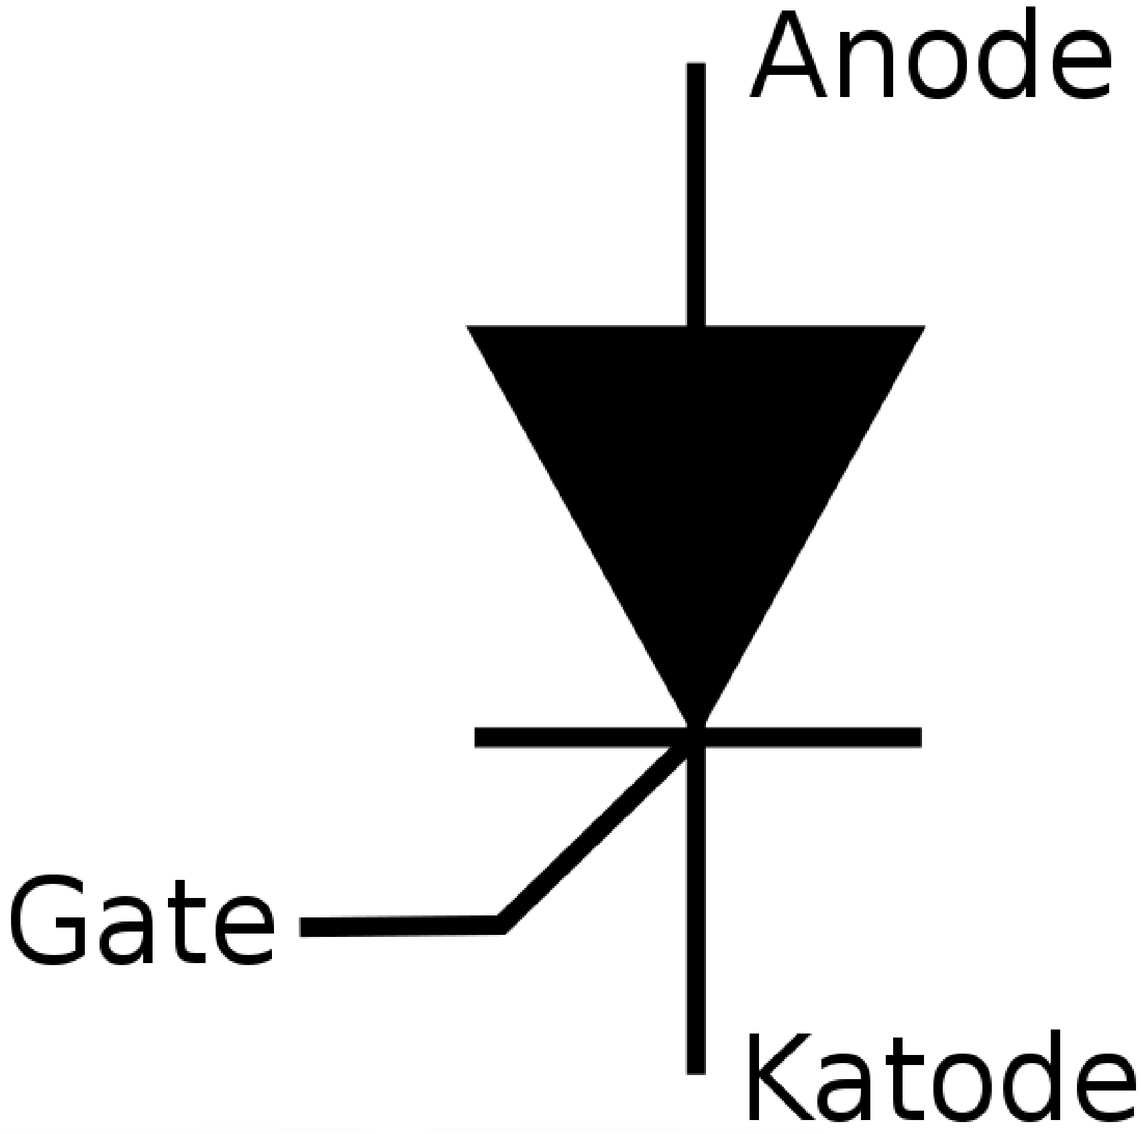

SCR

SG664A SG-264A Sony Thyristor Semiconductor Rectifier Silicon Controlled Switch

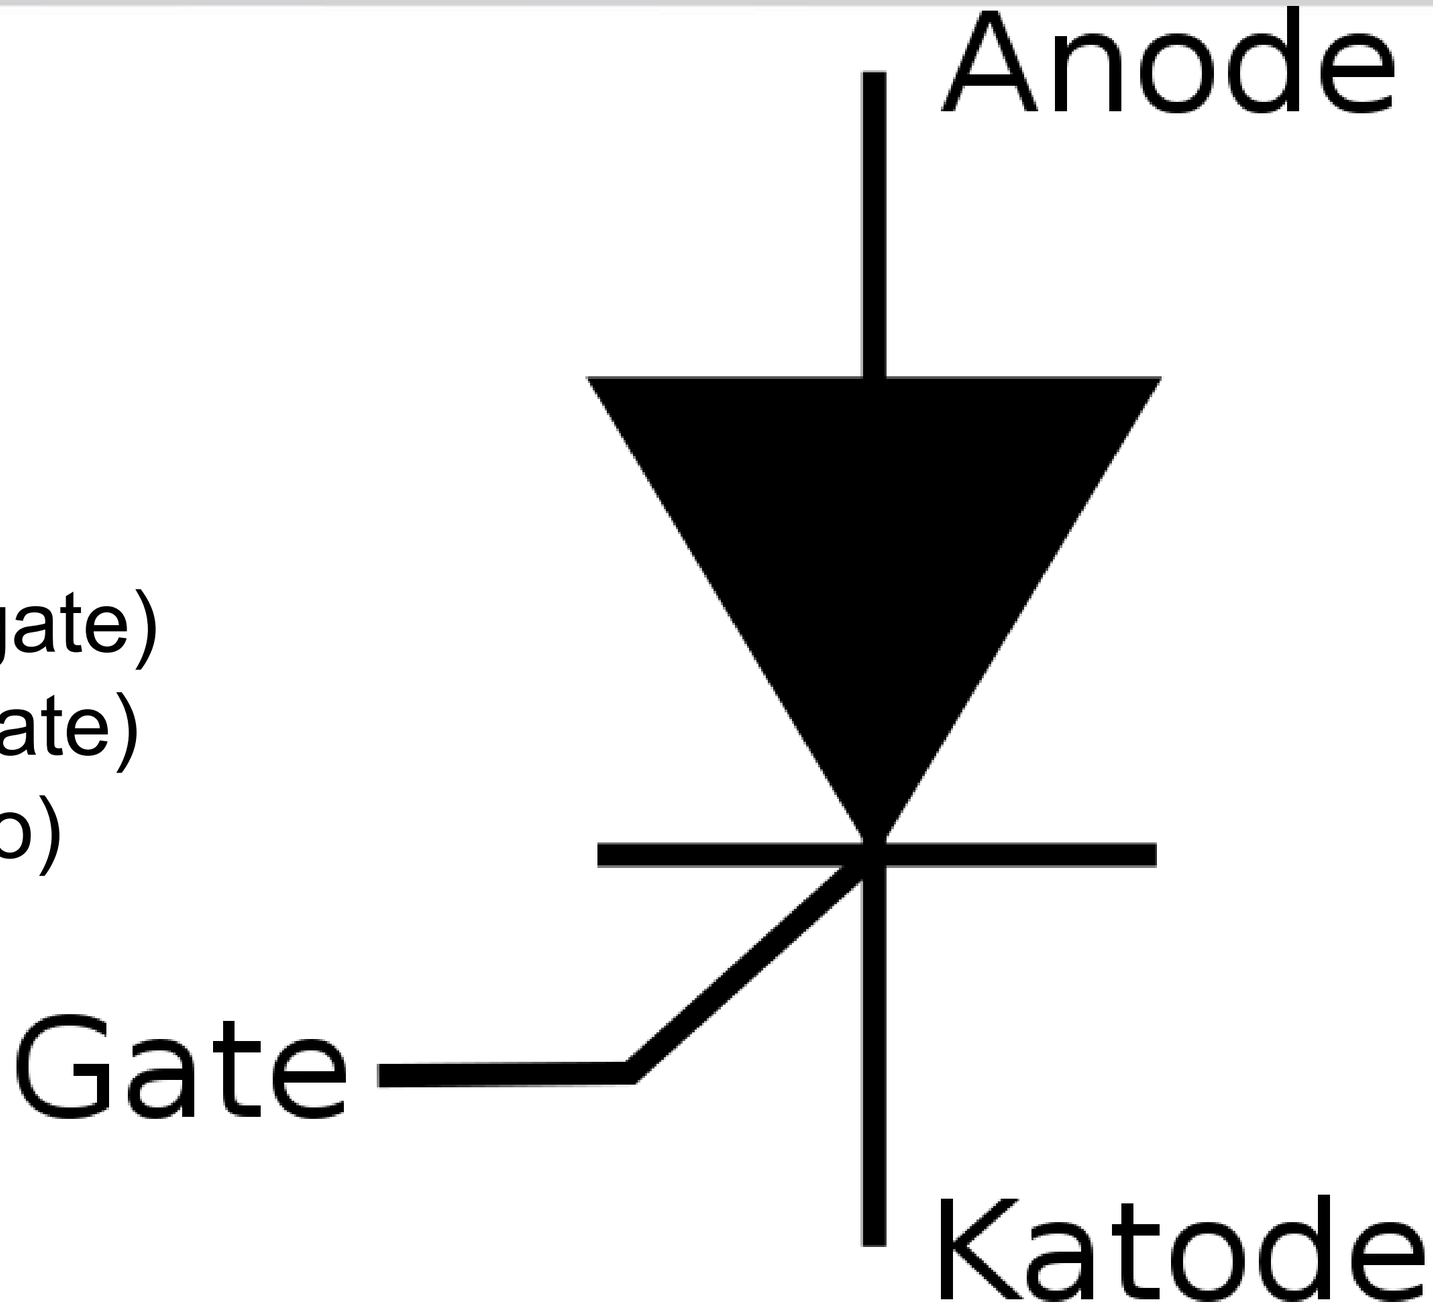

Sony Gate Turn-off SCR, commonly used in deflection circuits in 1970s era Sony Color TVs.

Retificador controlado de Silício

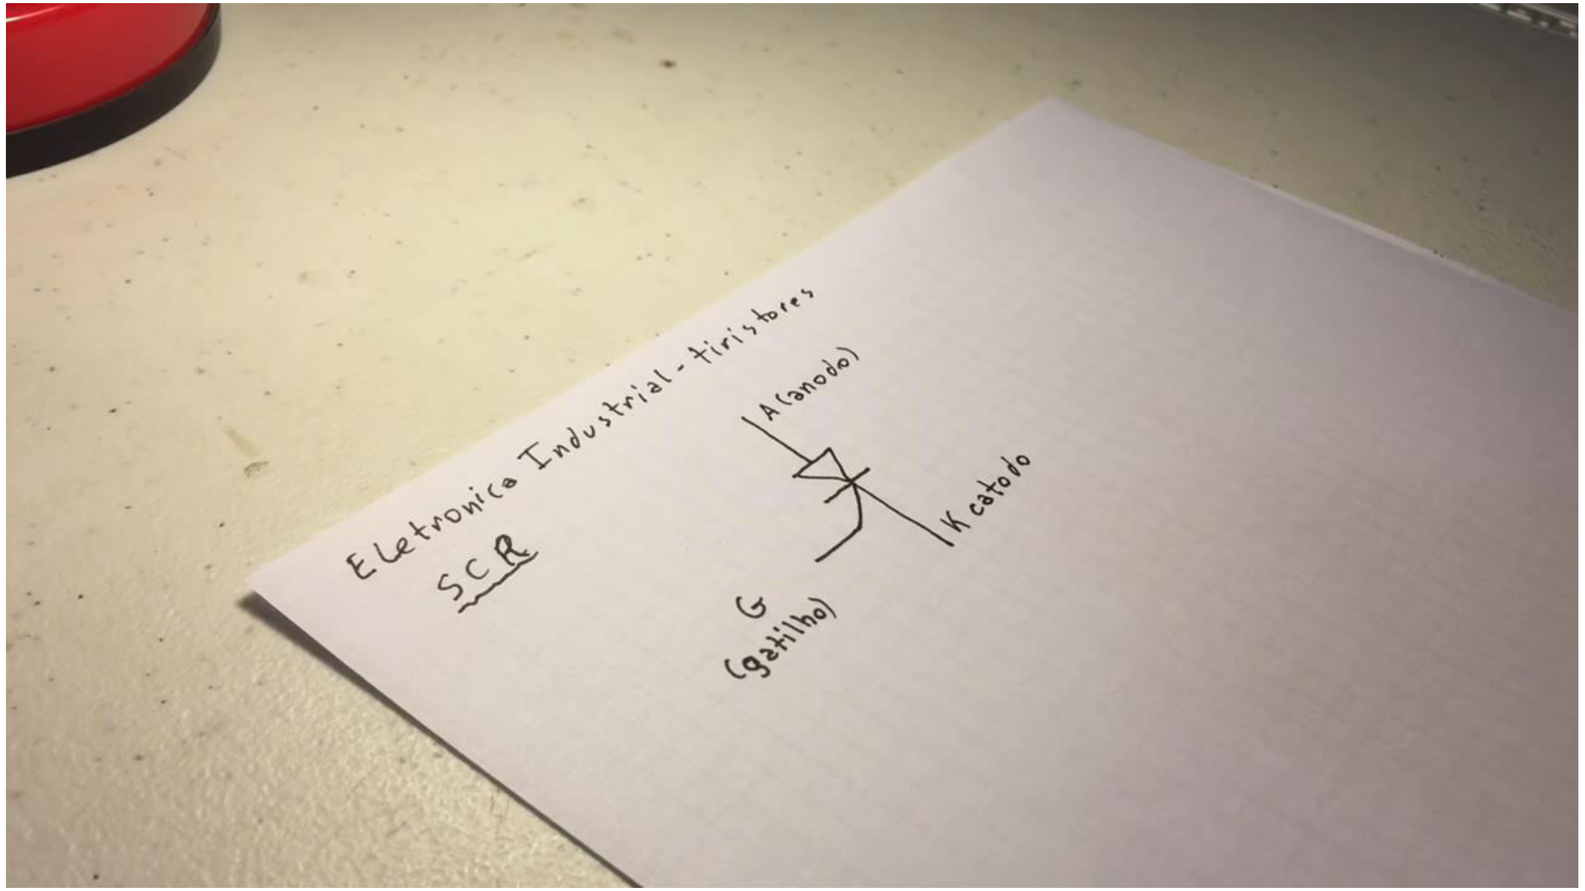

SCR

- IGT (corrente ativação gate)
- VGT (tensão disparo Gate)
- IH (corrente Manutenção)

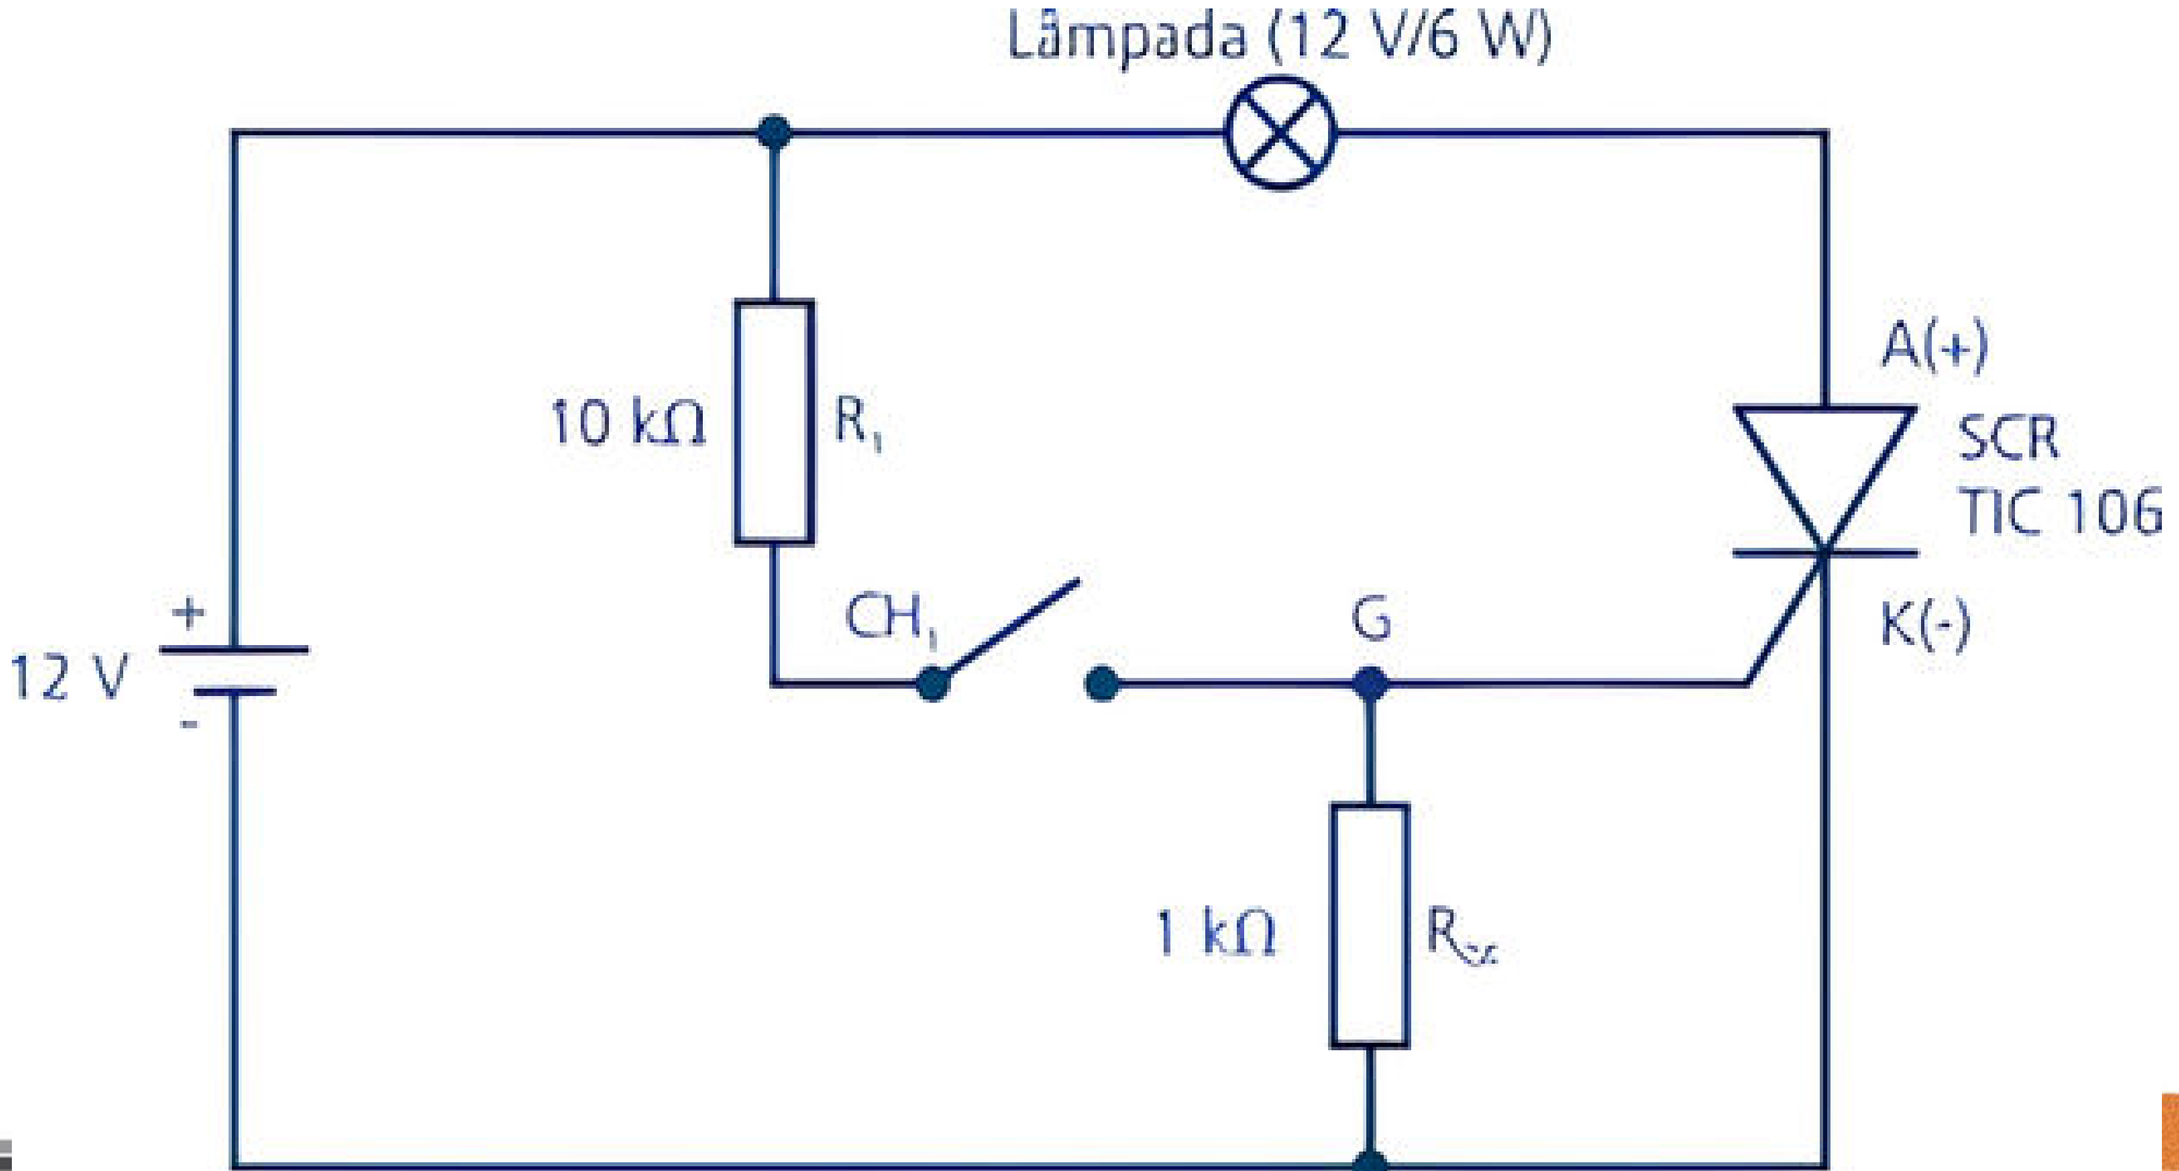

Vídeo: “Tiristores SCR introdução.”
